CARBON FARMING MED

Interreg Euro-MED

Co-funded by the European Union

CARBON FARMING MED TRANSFER PHASE

From innovation to implementation

Bringing carbon farming solutions to new regions

Building on the results of the first project phase, Transfer phase focuses on transferring tested carbon farming solutions, strengthening regional capacities and supporting the adoption of sustainable agricultural practices across the Mediterranean

3 New territories involved

Emilia-Romagna (ERR-IT)

Bulgaria (BIOEAST)

North Macedonia (SWG)

Total Budget
3.589.452,36 €

Project Duration
51 months

Interreg Funds
2.874.561,88 €

carbonfarmingmed.interreg-euro-med.eu
